Sub : Submission of compliance status report as per terms & conditions stipulated in Environmental Clearance letter for the proposed Expansion of existing Vertical Expansion in Existing Hospital Building at CTS no. 232, Mouza Mankapur, Koradi Road, Tehsil & District: Nagpur, State: Maharashtra, India by Max Super Speciality Hospital, Nagpur (A Unit of Alexis Multispeciality Hospital Private Limited)

Ref. No. : Environmental Clearance no. SIA/MH/INFRA2/509301/2024 dated 29/11/2024.

Respected Sir / Madam,

In reference to the above referred letter of your highly revered office we would like to submit the current status of our construction work and point-wise compliance status to various stipulations laid down in Environmental Clearance letter no. **SIA/MH/INFRA2/509301/2024 dated 29/11/2024** along with the necessary annexure.

This compliance report is submitted for the period from **April'25 to Sep'25**.

This is for your kind consideration and records. Kindly acknowledge the same.

Thanking You,

Yours Sincerely,

For, **Max Super Speciality Hospital, Nagpur (A Unit of Alexis Multispeciality Hospital Private Limited)**

Specific Conditions:**A. SEAC Conditions-**

Sr.No.	Conditions	Status
1.	PP to obtain IOD/IOA/ Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per the prevailing Hon'ble Supreme Court Order. PP to obtain all mandatory NOCs from the concerned planning authority and planning authority shall not issue occupation certificate unless PP obtains the same.	This will be ensured.
2.	PP to prepare and implement plan to make proposed project a plastic free zone.	We will adopt all measures for avoid single use plastics.
3.	PP to ensure to achieve the standard parameters of the treated sewage as per order issued by Hon'ble National Green tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water.	STP will be installed as per applicable norms. We will ensure that no drinking water will be used for construction purpose.
4.	PP and the planning authority shall ensure that, the construction and demolition waste (C & D waste) is collected and treated at designated places as per the Construction and Demolition Waste Management Rules, 2016 amended from time to time.	This will be ensured.
5.	PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021.	Noted and will be ensured.
6.	PP to ensure to achieve minimum 5% energy saving by using non-conventional energy source.	Noted and will be ensured.

B. SEIAA Conditions-

Sr.No.	Conditions	Status
1.	PP has provided mandatory RG area of 1088.76 m ² on mother earth. Local planning authority to ensure the compliance of the same.	Noted and will be ensured.
2.	PP to keep open space unpaved so as to ensure permeability of water. However,	Noted and will be ensured.

	whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.	
3.	PP to achieve at least 5% of total energy requirement from solar/other renewable sources.	Noted and will be ensured.
4.	PP shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.- 22-34/2018-IA III dt.04.01.2019.	Noted and will be ensured.
5.	SEIAA decided to grant EC for FSI-18,051.18 m ² , Non FSI-5,529.62 m ² , total BUA-23,580.79 m ² . (Plan approval No.- A/2921 dated 06.11.2024)	Noted and will be ensured.

General Conditions:

- a) **Construction phase-** Construction activities is not started in April-25 to Sep-25

S.N.	Conditions	Status
I.	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.	Ensured the solid waste generated will be properly collected and segregated.
II.	Disposal of muck, Construction spoils, including bituminous material during Construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.	Noted and will be ensured.
III.	Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.	Noted and will be ensured.
IV.	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for Mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.	Noted and will be ensured.

V.	Arrangement shall be made that waste water and storm water do not get mixed.	Noted and will be ensured.
VI.	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.	Noted and will be ensured.
VII.	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	Noted and will be ensured.
VIII.	Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/ operation of the project.	Noted and will be ensured.
IX.	Fixtures for showers, toilet flushing and drinking should be low flow either by use of aerators or pressure reducing devices or sensor-based control.	Noted and will be ensured.
X.	The Energy conservation Building code shall be strictly adhered to.	Noted and will be ensured.
XI.	All the topsoil excavated during construction activities should be stored for use in horticulture/landscape development within the project site.	Noted and will be ensured.
XII.	Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	Noted and will be ensured.
XIII.	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	Noted and will be ensured.
XVI.	PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservations of Trees Act, 1975 as amended during the validity of environmental Clearance.	Noted and will be ensured.
XV.	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.	Noted and will be ensured.
XVI.	Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry	Noted and will be ensured.

	of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.	
XVII.	Ambient Noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.	Noted and will be ensured.
XVIII.	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of the stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.	Noted and will be ensured.
XIX.	Regular Supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell/designated person.	Noted and will be ensured.

B) Operation Phase-

Sr.No.	Conditions	Status
I.	a) The solid waste generated should be properly collected and segregated.	Noted will be ensured.
	b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises.	Noted will be ensured.
	c) Dry/inert solid waste should be disposed of to the approved sites	Noted and will be ensured.

		for land filling after recovering recyclable material.	
II.		E- Waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.	Noted and will be ensured.
III.	a)	The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the minimum extent possible. Treatment of 100% grey water by decentralised treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.	Noted and will be ensured.
	b)	PP to give 100% treatment to sewage/Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.	Noted and will be ensured.
IV.		Project proponent shall ensure completion of STP, MSW disposed facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.	Noted and will be ensured.
V.		The occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per the environmental norms.	Noted and will be ensured.
VI.		Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided.	Noted and will be ensured.

	Parking should be fully internalized and no public space should be utilized.	
VII.	PP to provide adequate electric charging points for electric vehicles (EVs).	Noted and will be ensured.
VIII.	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/Agriculture Dept.	Noted and will be ensured.
IX.	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.	Noted and will be ensured.
X.	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise break-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.	Noted and will be ensured.
XI.	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen available Website at Parivesh.nic.in	<p>We published the environmental clearance letter on local news paper. The details of newspaper is appended below;</p> <ul style="list-style-type: none"> - Marathi- Lokmat News paper dated 27th August'25 - English- Lokmat- Hello Nagpur edition dated 27th August'25 <p>Copies of news paper advertisement is attached as annexure-1.</p>
XII.	A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the company by the proponent.	A copy of letter has been submitted in Nagpur Municipal Corporation and NIT. Copy of acknowledgement is attached as annexure-2.
XIII.	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective	Noted and will be ensured.

	Zonal Office of CPCB and SPCB. The criteria pollutant level namely: SPM, RSPM, SO ₂ , NO _x (ambient level as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.	
--	--	--

C) General EC Conditions-

Sr.No.	Conditions	Status
I.	PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.	Noted and will be ensured.
II.	If applicable Consent for Establishment” shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.	We applied for consent to establish. Copy of CTE application is attached as annexure-3.
III.	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environment clearance.	Noted.
IV.	The project proponent shall also submit Six monthly reports on the status of compliance of the stipulated EC conditions including results of monitoring data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.	Noted and will be ensured.
V.	The environmental statement for each financial year ending 31 st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the Website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	Noted and will be ensured.
VI.	No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alteration in the project proposal from those submitted to the SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Noted and will be ensured.
VII.	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National	Noted and will be ensured.

	Board for Wild life if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.	
--	--	--

Sr.No.	Conditions	Status
4.	The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.	Noted and will be ensured.
5.	This Environmental clearance is being issued without prejudice to the action initiated under EP Act or any court cases and all other applicable permissions/NOCs shall be obtained before starting proposed work at site.	Noted and will be ensured.
6.	In case of submission of false document and non-compliance of stipulated conditions, Authority/Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.	Noted.
7.	Validity of Environment clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.	Noted.
8.	The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous waste (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.	Noted.
9.	Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1 st Floor, D-wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.	Noted.

Subject: Grant of EC under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your application for Grant of EC under the provision of the EIA Notification 2006-regarding in respect of project Proposed Vertical Expansion in Existing Hospital Building at CTS no. 232, Mouza Mankapur, Koradi Road, Tehsil & District: Nagpur, State: Maharashtra, India by Max Super Speciality Hospital, Nagpur (A Unit of Alexis Multispeciality Hospital Private Limited) submitted to Ministry vide proposal number SIA/MH/INFRA2/509301/2024 dated 29/11/2024.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C3804MH5828608N
(ii) File No.	SIA/MH/INFRA2/509301/2024
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	8(a) Building / Construction Proposed Vertical Expansion in Existing Hospital Building at CTS no. 232, Mouza Mankapur, Koradi Road, Tehsil & District: Nagpur, State: Maharashtra, India by Max Super Speciality Hospital, Nagpur (A Unit of Alexis Multispeciality Hospital Private Limited)
(vii) Name of Project	Alexis multispeciality hospital private limited
(viii) Name of Company/Organization	NAGPUR, MAHARASHTRA
(ix) Location of Project (District, State)	SEIAA
(x) Issuing Authority	no
(xi) Applicability of General Conditions	no
(xii) Applicability of Specific Conditions	no

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-1(Part A and B) were submitted to the Ministry for an appraisal by the State Environment Impact Assessment Authority(SEIAA) Appraisal Committee (SEIAA) in the Ministry under the provision of EIA notification 2006 and its subsequent amendments.
4. The above-mentioned proposal has been considered by State Environment Impact Assessment Authority(SEIAA) Appraisal Committee of SEIAA in the meeting held on 30/07/2025. The minutes of the meeting and all the Application and documents submitted [(viz. Form-1 Part A, Part B, Part C EIA, EMP)] are available on PARIVESH portal which can be accessed by scanning the QR Code above.
5. The brief about configuration of plant/equipment, products and byproducts and salient features of the project along with environment settings, as submitted by the Project proponent in Form-1 (Part A, B and C)/EIA & EMP Reports/presented during SEIAA are annexed to this EC as Annexure (1).
6. The SEIAA, in its meeting held on 30/07/2025, based on information & clarifications provided by the project proponent and after detailed deliberations recommended the proposal for grant of EC under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of specific and general conditions as detailed in Annexure (2).
7. The SEIAA has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the State Environment Impact Assessment Authority(SEIAA) Appraisal Committee hereby decided to grant EC for instant proposal of M/s. Satish Tharwani under the provisions of EIA Notification, 2006 and as amended thereof.
8. The Ministry reserves the right to stipulate additional conditions, if found necessary.
9. The EC to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. This issues with the approval of the Competent Authority.

Annexure 1

Specific EC Conditions for (Building / Construction)

1. Specific

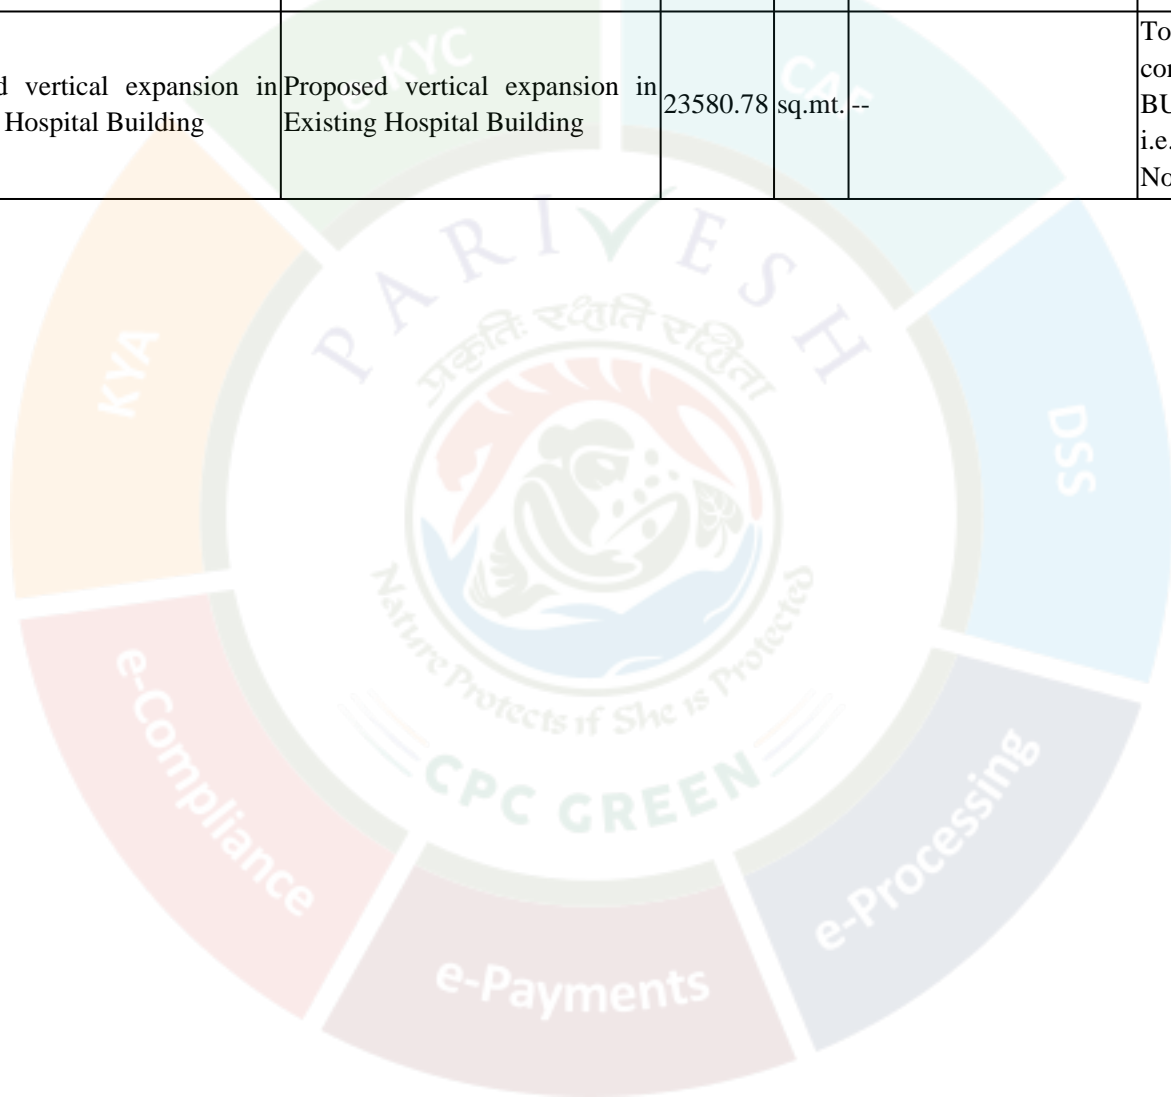

S. No	EC Conditions
1.1	1. PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per prevailing Hon'ble Supreme Court Order. 		During Construction Phase (Demand Load)		100 kW	
		During Operation Phase (Connected Load)		5000 kW	
		During Operation Phase (Demand Load)		1810 kW	
		Transformer		2 nos. of capacity 2000 kVA each	
		DG set		One existing DG set of capacity 2000 kVA	
		Fuel used		HSD	
32	Details of Energy saving	Energy saving measures as follows: <ul style="list-style-type: none"> • Use of LED Lights to reduce the Light Power Density • Timer Based Controls for External Area Lighting • Energy Efficient Lifts with VVVF Lift Drive • Energy Efficient Pumps and Motors • Provision of solar PV and hot water panels onsite. • Offsite energy saving with the help of Solar Open Access System 			

33	Environmental Management plan Budget during Construction Phase		Total cost: Rs. 129.48 Lacs (including costing towards disaster management)			
34	Environmental Management plan Budget during Operation Phase	Component	Details		Capitals (Rs.)	O&M (Rs./Y)
		Sewage Treatment	Provision of STP & ETP		279.00	4.54
		Water treatment	Water treatment unit		50.00	5.00
		RWH	Recharge pits		10.00	0.50
		Solid Waste	Provision of OWC		10.45	0.60
		Biomedical waste	Cost for Biomedical waste Management		15.00	20.00
		E-waste	Cost for E-waste Management		2.00	
		Green belt development	Green area and Miyawaki plantation		6.52	1.28
		Energy saving	Provision of solar panels onsite		51.10	1.53
			Offsite energy saving with the help of Solar Open Access System		5649.39	--
		Environmental Monitoring	--		6.50	1.70
		BMS cost	--		75.00	10.00
		Disaster Management (including cost of basement ventilation and basement dewatering and SWD network)			--	102.00
35	Traffic Management	Type	Required as per DCR	Actual Provided	Total parking Area (sq.mt)	
		4-Wheeler	68	70	4993	
		2-Wheeler	190	300		
		Bicycles	--	--		
Provision of one ambulance parking space						
36	Details of Court Cases/ litigations w.r.t the project and project location, if any.			No litigation against the project or land		

3. Proposal was considered by SEIAA in its 299th (Day-3) meeting held on 30th July, 2025 and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. SEAC Conditions-

1. PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per prevailing Hon'ble Supreme Court Order. PP to obtain all mandatory NOCs from the concerned planning authority and the planning authority shall not issue occupation certificate unless PP obtains the same.
2. PP to prepare and implement plan to make proposed project a plastic free zone.

3. PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water.
4. PP and the planning authority shall ensure that, the construction and demolition waste (C & D waste) is collected and treated at designated places as per Construction and Demolition Waste Management Rules, 2016 amended from time to time.
5. PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021.
6. PP to ensure to achieve minimum 5% energy saving by using non-conventional energy source.

B. SEIAA Conditions-

1. PP has provided mandatory RG area of 1088.76 m² on mother earth. Local planning authority to ensure the compliance of the same.
2. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
3. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
4. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA III dt.04.01.2019.
5. SEIAA decided to grant EC for FSI- 18,051.18 m², Non FSI- 5,529.62 m², Total BUA- 23,580.79 m². (Plan approval No- NIT-A/2921 dated 06.11.2024)

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.

- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.

- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
- X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
- XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in
- XII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIII. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient

location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC& SEIAA.
 - II. If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
 - III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
 - IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
 - V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
 - VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
 - VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.
4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.
5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.
6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.
7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Application for Consent/ Authorisation

Sir,
I/We hereby apply for*

- Consent to Establish/Operate/Renewal of consent under section 25 and 26 of the Water (Prevention & Control of Pollution) Act, 1974 as amended.
- Consent to Establish/Operate/Renewal of consent under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, as amended.
- Authorization/renewal of authorization under Bio-Medical Wastes Management Rules, 2016 as amended, Hazardous waste (M,& TM)n Rules, 2016, in connection with my/our/existing/proposed activity from the premises as per the details given below.

1.General Information

UAN No:
MPCB-CONSENT-0000258434

Application submitted on:
22-08-2025

Industry Information

Industry Type: R30 Health-care Establishment (as defined in BMW Rules)
Category: Red
Scale: S.S.I

Consent To: Establish (New)
Submit to: SRO - Nagpur I

Perticulars of Applicant (Owner/Occupier/Any other Authorised Person)

First Name	Father / Husband Name	Last Name	Designation
Mr. Nilesh	Mahesh	Agrawal	Director

Subject: Intimation regarding Environmental Clearance issued by SEIAA

Respected Sir/Madam,

We hereby submit our intimation that the State Environment Impact Assessment Authority (SEIAA), Ministry of Environment, Forest and Climate Change, Government of India has granted Environmental Clearance in respect of our proposed project, Vertical expansion in Existing Hospital building at CTS no. 232, Mankapur Square, Koradi Road, Nagpur

As per statutory requirements, we are enclosing herewith a copy of the Environmental Clearance letter for your kind reference and record. We remain committed to adhering to all stipulated conditions mentioned in the clearance and shall ensure full compliance with the applicable environmental norms and regulations.

You are kindly requested to take this on record.

Enclosure: Copy of Environmental Clearance issued by SEIAA, MoEF

Thanking you,

Yours faithfully,
