

Division of Public Health at Max Institute of Medical Excellence invites applications for **Fully-funded PhD Studentship**

Qualification Type: PhD

Location: Max Healthcare, Saket

Funding For: Indian Students

Funding Amount: Fees and a Stipend Per Annum

The department of Public Health at Max Healthcare, Saket, seeks candidates for two fully-funded PhD Studentship through the NIHR Global Health Research Unit (GHRU) and Network for Diabetes and Cardiovascular Disease in South Asia. The PhD is aimed at individuals with a strong academic record who wish to develop a career in public health research.

The NIHR GHRU is a partnership between research-intensive organisations in Bangladesh, India, Pakistan, Sri Lanka and the UK, and key collaborators in Australia and Singapore. The primary ambition is to create an inter-disciplinary environment which fosters the development and implementation of acceptable, scalable, sustainable, effective and equitable approaches to reduce the burden of Type-2 Diabetes and Cardiovascular Disease in South Asia.

The successful applicant will be able to choose the research proposals aligned with the GHRU programme.

Further programme details are available on: www.ghru-southasia.org

ELIGIBILITY:

The applicant should be an Indian Citizen with a Master's Degree in a relevant field which includes Public Health, Medicine, Social Sciences and Allied Subjects, with at least 55% or equivalent grade from any University in India, recognised by the University Grants Commission (UGC), or the equivalent qualifications gained outside India. Previous relevant research experience or formal training is desirable.

HOW TO APPLY:

Please send a copy of your covering letter, CV and Academic Transcripts to PhD@maxhealthcare.com by the 30th of June 2022.

Please note that the PhD is scheduled to start in September 2022, so please expect an interview to be scheduled soon after the application closing date.
