VP-Operations

**POINT-WISE STATUS OF CONDITIONS STIPULATED IN THE ENVIRONMENTAL
CLEARANCE**

Clearance Letter No. : F.No. 21-315/2017-IA-III dated 31st May 2018

Name of the Project; M/s. Max Health Care Institute at Plot No. 165-166, Malsi, Dehradun by
M/s Malsi Projects and Planners, Uttarakhand.

Period of Compliance Report: April'21 to Sep'21

Submission to-

- The Additional Principal Chief Conservator of Forest (C), Ministry of Environment, Forest and Climate Change, Regional office (NCZ), 25, Subash Road, Dehradun-248001 Uttarakhand
- Member Secretary, Uttarakhand Environment Protection & Pollution Control Board, 29/20, Nemi Road, Dehradun, Uttarakhand-248001

Compliance of conditions-

S. N.	Conditions	Status of compliance
1	There will be no changes in the project/activities for which environmental clearance has been earlier issued.	Noted
2	STP shall be established and operated only after obtaining Consent to Establish and Operate under the Pollution Control laws.	We obtained Consent To Establish and Operate form Pollution control board for the installation and Operation of STP. Copies of this approval are attached as <u>Annexure-1</u> .
3	A detailed traffic management and traffic decongestion plan shall be drawn up to ensure that the current level of service of the roads within a 05 kms radius of the project is maintained and improved upon after the implementation of the project. This plan should be based on cumulative impact of all development and increased habitation being carried out or proposed to be carried out by the project or other agencies in this 05 Kms radius of the site in different scenarios of space and time and the traffic management plan shall be duly validated and certified by the State Urban Development department and the P.W.D./ competent authority for road augmentation and shall also have their consent to the implementation of components of the plan which involve the participation of these departments	A detailed traffic assessment of 5 KM radius has been done and its copies have been submitted in MDDA and PWD for their kind consideration and approval. Approval is awaited. Acknowledgment copies are attached as <u>Annexure-2</u> .
4	As proposed, total fresh water requirement shall not exceed 132 KLD and shall be met by Uttarakhand Jal Sansthan.	Total fresh water requirement is not exceeding as 132 KLD. Per day fresh water consumption is approx. 125 KLD
5	A certificate shall be obtained from the local body supplying water, specifying the total annual water availability with the local authority, the quantity of water already committed the quantity of water allotted to the project under consideration and the balance water available. This should be specified separately for ground water and surface water sources, ensuring that there is no impact on other users.	Fresh water requirement is not increased. We are reusing the recycled water of STP for non-portable use like as flushing, gardening and cooling purpose. Water balance is attached as <u>Annexure-3</u> .
6	A prior permission of the CGWA for abstraction of ground water and for basement/excavation dewatering shall be obtained	Water requirement is being met by public water supply and recycled water of STP. No ground water abstraction structure is proposed.

7	A certificate of adequacy of available power from the agency supplying power to the project along with the load allowed for the project shall be submitted.	Sanctioned power load is sufficient to cater the load. If any additional load is required, necessary approval will be taken in this regard.
8	A certificate from the competent authority for discharging treated effluent/ untreated effluents into the Public sewer/ disposal/drainage systems along with the final disposal point shall be obtained.	We are using the STP treated water in flushing, gardening, cooling tower. No treated waste water is being discharged in sewer etc. If we will discharge treated effluent in sewer, necessary approval will be taken in this regard.
9	A certificate from the competent authority handling municipal solid wastes, indicating the existing civic capacities of handling and their adequacy to cater to the M.S.W. generated from project shall be obtained.	We have valid agreement with solid waste disposal facility & there is no issue from their end to lift the waste, generated at our Agreement copy is attached as <u>Annexure-4</u> .
10	A fresh Environmental Clearance shall be taken for any changes in the project components that may arise out of the anticipated increase in the number of patients and the handling of wastes thereof.	Noted and will be ensured.
11	As per the Ministry's Office Memorandum F.No.22-65/2017-IA.III dated 1st May 2018, the project proponent is required to prepare and implement Corporate Environment Responsibility (CER) plan. As per the said O.M., funds @ 1.0% of the total project cost shall be earmarked for the activities proposed under CER. The activities proposed under CER shall be restricted to the affected area around the project.	We are organizing CSR activities on regular interval. A detail of CSR activities done in the compliance period is attached as <u>Annexure-5</u> .
